RE: Deeper Bible

Dear Sir

It is a deep thrill for any Pastor to see over one hundred people inspired to dig deeper into the Word of God than they ever have before. To see eyes light up with new understanding, faces beaming with a sense of wonder at what they have never seen before and people conversing over the Scriptures is breathtaking.

Deeper Bible is more than just practical teaching in the Word, it is a hands-on experiential application of biblical study that every believer irrespective of educational background can not only participate in but thrive and encounter God in His Word.

Ian's presentation and encouragement, his constant communication with participants through the week via social media and his personal passion for God, His Word and the church inspire others to a deeper hunger for more. The small group work is a phenomena to behold. To see people wrestling with the Scriptures together, making discoveries and enriching their fellowship one with another along the way is deeply encouraging.

For one hundred plus people to come out in the middle of winter every Monday night says something about the value that Deeper Bible has been to all the participants. It is without reservation that I would recommend Deeper Bible to any church.

Yours faithfully

Greg Hollier
Pastor
